

We invite all students to take a look at Austin-East Magnet High School Band Program and what it has to offer YOU. We have designed the music curriculum to include something for everyone whether you play an instrument or not.

Becoming a member of our Austin-East Magnet High School Music Program can benefit you as an individual in so many ways. For those of you who are just entering high school, the music program can become an instant family of friends and help make a somewhat scary transition so much easier. For everyone involved, the skills you learn in our music program to achieve quality performance levels are the same skills that will make you a successful individual no matter what you choose to do in life. The members of the Austin-East Magnet High School Band Program are totally committed to self-discipline, individual responsibility, and excellence. Mr. Smith is totally committed to not only teaching students to become better musicians, but also to help them develop as better people. For parents, you are encouraged to support your student and become active in the Austin-East Magnet High School Band Booster organization. For additional information on the Boosters and parental expectations, please review the Band Booster Page.

Top 10 Reasons to Include MUSIC In Your Schedule

10. Satisfies the Fine Art credit required for graduation;
9. Meet new people and make close friends amongst our Music Fraternity;
8. Benefit from the rewards of hard work, self-discipline, and a commitment to excellence;
7. Learn lessons that apply far beyond the realm of music;
6. Benefit from rewards of hard work, self-discipline, and a commitment to excellence (so important I had to list it twice);
5. Perform in numerous events in front of 5,000+ people within a year;
4. Travel and experience various places both within and outside of Tennessee;
3. Be among the music students who are on the honor roll or top 10% of their class.
2. Increase your chances at scholarship money for college.

And The #1 Reason Is...

1. Be a member of an award winning, quality program and have something to be proud of when you graduate!
